
Corporate Governance Statement

The Company is committed to implementing the highest standards of corporate governance. In determining what those high standards should involve the Company has considered the ASX Corporate Governance Council's *Principles of Good Corporate Governance and Recommendations*.

In line with the above, the Board has set out the way forward for the Company in its implementation of its Principles of Good Corporate Governance and Recommendations. The approach taken by the board was to set a blueprint for the Company to follow as it introduces elements of the governance process. Due to the current size of the Company and the scale of its operations it is neither practical nor economic for the adoption of all of the recommendations approved via the board charter. Where the Company has not adhered to the recommendations it has stated that fact in this Corporate Governance Statement however has set out a mandate for future compliance when the size of the Company and the scale of its operations warrants the introduction of those recommendations. Date of last review and Board approval: 25 July 2018.
